4. The Win Chip can only be played 'straight up' on a number on roulette.
5. The Win Chip is only valid for one spin. If the chip is on the winning number the customer will be paid out and the chip will be removed.
6. If a "no spin" is called the chip will remain on the layout until a subsequent valid spin is made.
7. The Win Chip is paid out with odds of 142.85 when played 'straight up' on a number. The odds of 35 to 1 on roulette remain the same. i.e. winning number is 26, odds are paid out at 35 to 1 x 1p(value of chip) x 142.85 = £50.
