340G COTE DE BEOUF £29

Served with Cast Iron butter, chips,
watercress and your choice of sauce

This premium cut comes from the rib section of the cattle and is characterised by its natural fat covering and succulence from being cooked on the bone. The well-marbled meat caramelises upon cooking, which coupled with the use of grass fed beef and dry age maturing techniques, makes for naturally tender meat with outstanding flavour. Sourced from quality assured farmlands in the British Isles.
