History that inspired Mamucium...

Our journey started off with inspiration from the first Roman fort built in Manchester called Mamucium. As Executive Chef, my vision was to bring this heritage into the present day by celebrating different ways of thinking, and our specially selected seasonal dishes represent our passion for innovation. We've coupled classic ideas with unique Mancunian flavours to allow you to indulge in something a little different.

Our neighbourhood is a place where anyone with an idea can change the world, and this is what we wanted our food to reflect. We serve exceptional, locally-sourced ingredients, artfully prepared in our open kitchen; from signature dishes to family favourites recreated with a Mancunian twist, there's something here for everyone, all day long.

Enjoy!
