# LOOSE LEAF TEAS

---

£3.75 per person

The Bull Hotel offers a fine range of teas from P.M. David Silva & Sons who have worked with plantations in Ceylon for over 60 years. Not only do our teas create an exhilarating sensual experience, but they also tell a tale of an untold British legend.

## Lovers' Leap

This tea's origins lie in the legendary tragedy that befell two star crossed lovers who leapt to their death amid the backdrop of an exquisite waterfall, the crowned jewel of the estate.

Cultivated in the "Champagne" district at 6000ft, this is a wisp tea, which boasts an inimitable mentholated essence and aroma. The tea is best drunk without milk for an immeasurable taste. Served as the only tea at H.M. The Queen's Diamond Jubilee.

## Okayti Tea Estate Darjeeling

Grown on Rangdoo Estate in Darjeeling but known globally as Okayti. The name comes from the London Tea traders who used to call this the only "OK Tea" suitable to be bought from Darjeeling. This first flush is picked in April and has a light pale colour that is typical of the first flush. Light floral flavours, hay and the unforgettable muscatel flavour from Darjeeling are present. Best enjoyed without milk.

## Planters' Afternoon

An award winning blend that is light and crisp with a pungent character and flavour. Ideal on its own or with a splash of milk, makes the perfect accompaniment to sweet tasting afternoon treats.

## Inverness Tea Estate

An exquisite tea that carries a rosy note and a lemony citrus finish. Inverness teas are best drunk plain and accompanied with sweet tasting Afternoon treats.

## Planters' Breakfast

An award winning rounded breakfast tea, which encompasses a balance of body, strength and aroma with a colour that is rich in flavour; the perfect start to the day.

## Earl Grey

High quality large leaf tea, that is scented with a touch of natural Bergamot oil to give an aromatic flavour with a smooth distinctive taste.

## Planters' Green Tea

Crafted to fully satisfy the green tea connoisseur, a large leaf tea curled and pan heated to produce a light mellow brew with a delicate flavour and aroma, or as an after dinner drink.

## Peppermint Leaves

A cherished herbal tea, peppermint leaves have been used for centuries to aid digestion. Using dried peppermint leaves, the infusion captures the intense freshness of mint and develops into a smooth minty tang. Peppermint leaves are also a fantastic caffeine free option for those looking for an alternative to traditional tea.
