

AFTERNOON

T  
E A

It was in 1840 that Anna,  
the seventh Duchess of Bedford,  
noticed she felt a '*sinking feeling*'  
around mid-afternoon. Once served  
with a pot of Darjeeling tea,  
some bread, butter and biscuits,  
she felt decidedly better.  
The afternoon tea was born.

## CORINTHIA LONDON TEA BLENDS

*The strength of tea is often obtained by the amount of tea leaves used while its potency depends on the length of the brewing process involved.*

*Precision timing is required in brewing, as if it is done longer than necessary, it can result in undesirable flavours.*

*Here at the Crystal Moon Lounge, we differentiate the strength by adjusting the blends of our afternoon tea. We have curated three different teas - Assam, for its intense flavours, Oolong for its delicate characteristics and Earl Grey for its fruity and sweet notes.*
