## Tea Selection

### Camellia's Tea House

We are proud to offer tea from Camellia's Tea House, an artisan tea company where teas are blended by hand using original and unique tea recipes.

### Aqua Shard Bespoke Breakfast Blend

The aqua shard English Breakfast tea is a bespoke blend of carefully selected black teas from India and Sri Lanka, with a touch of elegant Keemun tea from China. The result is a full bodied and robust cup with pleasant tannins and hints of golden syrup. Best enjoyed with a dash of milk.

### Chamomile Flowers

Award winning Chamomile Flowers tea is an all-time favourite with calming and soothing properties. The chamomile flower produces a golden cup with a creamy and sweet infusion.

### China White Hair

This unique green tea is grown in high mountain tea estates, where the gardens are covered by thick fog most of the year. This produces a superior quality tea which is mellow, smooth and delicate in character.

### Earl Grey

The distinct flavour of Earl Grey is a result of combining high quality Chinese black tea and oil of bergamot. This beautifully scented tea with its flowery and citrusy flavour remains the embodiment of the finest English tea.

### Rooibos

Rooibos originates from South Africa, where it has been appreciated for many generations. This high grade, organic red tea is characterised by a bright red cup and a creamy sweetness with a fruity aftertaste.

A caffeine-free alternative to tea, rooibos is also packed with minerals and vitamins.

### Snow Buds

Snow Buds is a premium white tea, grown in southeast China at a notable altitude of 1,000 metres. Its name derives from the downy appearance of the delicate leaves and buds. Consisting of only hand plucked buds and youngest leaves, this tea has a pale yellow cup with a warm and sweet flavour. Despite its mellow and light nature, it also retains a unique 'green soul'.
