Market Lunch

“The story of food is the history of our country. Every plate is a record of people, place and time. By researching, sourcing and developing many long-forgotten British dishes, food writer and broadcaster Matthew Fort alongside Executive Chef Anthony Garlando, have curated a selection of dishes celebrating our culinary culture and given a contemporary touch.

All dishes may contain allergens. Please let your waiter know if you have any severe allergens or intolerances. All prices include VAT at the current rate. A 12.5% discretionary service charge will be added to the final bill. All items subject to availability. Despite efforts to prevent cross-contaminations, we do use allergens in our kitchens and any of our dishes may contain traces of allergens.

Our menus are sample menus and are subject to change.
