### A BRIEF HISTORY OF BRUNCH

In the early to mid 1900s, brunch offered a platform for socially acceptable day drinking

Brunch is the genesis of several popular cocktails including the Mimosa and the Bloody Mary

Pancakes might be one of the oldest brunch classics in history dating back to Ancient Greece

Brunch became popular in the 1930's because Hollywood stars making transcontinental train trips would often stop for late-morning meals

The term 'brunch' was coined in 1895, described as a meal for 'Saturday night carousers'
