### ENGLISH BREAKFAST

A comforting and full breakfast classic, with rich malty sweetness and a vivid infusion of ruby colour. Statuesque and broad, with plenty of grip & structure and rich finishing flavours of malt. Delicious with milk and sugar, it is also wonderful on its own.

### BLACK TEA

Black tea is allowed to fully oxidise, which blackens the leaf resulting in the most robust and deep flavours. The British Afternoon Tea was developed to accentuate the rich, dark flavours of these leaves.

### EARL GREY

Refreshing and sweet, with lifted citrus charm freshening the structured tenacity of the Ceylon leaf. A perfectly focussed classic. It can be enjoyed with or without milk or a twist of lemon zest.

### JASMINE MAO FENG

Chinese Jasmine Green Tea from Hunan. Small dark green twisted leaves with white tips and a strong floral jasmine note. The beautifully perfumed golden infusion reveals the mellow astringency coming from the green tea.

Refreshing and even slightly sparkling, the infusion leaves a sweet impression on the palate

### PEPPERMINT GREEN

For us, peppermint tea has to be striking and strong with a fresh, intense minty flavour. It aids digestion and cleanses your palate. Our whole leaf peppermint tea really delivers this and is a great way to round off a meal.

### BLACKCURRANT AND HIBISCUS

This blend of whole blackcurrants, summer berries and hibiscus shells offers a vivid and lively infusion bursting with berry flavours.

Unlike many varieties you will find, which offer strong aroma but a weak taste, this infusion has a long and intensely fruity finish.

### JADE SWORD

Jade Sword is everything we love about green tea. It converts even the most timid of green tea drinkers - never astringent, Jade Sword is simple to make and bursting with sweet spring flavour.
