IT'S ALL ABOUT THE FOOD

We are wild about fish at Macdonald Hotels & Resorts, with our white fish all wild caught from sustainable sources. Fish isn't our only food passion; we care where and how all our ingredients have been reared or produced. All lamb and beef is Scottish, with beef matured for a minimum of 21 days. Our chicken is from the UK, corn fed and free range too. Pork is the best of British – Red tractor certified pork sausages and dry cured British bacon are what you will find on your plate. Last but not least, game: our wild venison and game comes only from Scottish estates and is not farmed. It's our dedication to serving only the highest quality food that makes us different.
